A large grid area for drawing the site plan, consisting of a 30x30 grid of small squares.

The City of East Moline has granted administrative authority to waive special event permit fees under certain criteria, up to 50% of the costs of service provision (with a maximum waiver of \$1250.00). Waivers for an amount greater than \$1250.00 require review and approval by the East Moline City Council. This form is designed to assist East Moline in evaluating requests. The criteria for waivers are as follows:

- The event sponsor must be a 501C3 not-for-profit organization qualifying under the Internal Revenue Code of the United States.
- The event sponsor must demonstrate a financial hardship or need for a waiver to be approved.
- The event is a fund-raiser and the proceeds after expenses are to be used for a charitable cause benefiting the community or legitimately needy persons.

All vendors must apply for a temporary permit at least 10 days prior to the event or the permit may be denied, and late fees will apply.

A minimum of one Certified Food Protection Manager must be onsite. If this is your first event in East Moline, you will have one year to comply with this requirement or future applications may be denied.

This list is intended to help you prepare for an event in East Moline. It in no way replaces the State requirements of the Illinois Food Service Sanitation Code.

## **Hand Washing**

**No bare hand contact with ready-to-eat foods is allowed.**

Hand washing must be done often and as needed:

- When switching tasks: IE: when prepping raw meat and moving to ready to eat foods
- After using the restroom
- After taking out the garbage
- After taking a break/eating/smoking
- Before putting on gloves

Handwashing stations:

- The station must have a flip or turn spout and not a push button, this will allow you to wash both hands at the same time under running water
- Must use warm potable water
- Hand soap
- Paper towels
- Bucket to catch water from the hand washing station

## **Sanitizer**

- Chlorine bleach or quaternary ammonia
- Provide test strips
- For wiping cloths and sanitizer buckets used to sanitize work surfaces, use 100 ppm bleach or 400 ppm quat

## **Dishwashing Station**

You will need 3 containers to set up a temporary dish washing station

1. Wash: warm water and dish soap
2. Rinse: plain warm water
3. Sanitize: warm water and sanitizer (50 ppm bleach / 200 ppm Quat)

---

**Temperatures**  
**Thermometers must be onsite to check temperatures**  
**throughout event and in each mechanical unit**

Cooking Temperatures:

165°F: Poultry / Stuffed Foods / Reheating

155°F: Pork / Ground or Mixed Meats

145°F: Whole cuts of meat / hot dogs / other hot foods

Holding Temperatures:

135°F: Hot Foods

41°F: Cold Foods

0°F: Frozen Foods

**Foods Cooked Offsite at a Licensed Facility**

All facilities where food is stored, prepped, cooked, cooled and/or reheated must be licensed and inspected. Proof of license and inspection is required prior to event.

**General Guidelines**

- All food and supplies must be stored off the ground
- Garbage containers should be covered and stored in a convenient location, but away from food and food prep areas
- Overhead protection is required, except over grills or outdoor cooking equipment
- Non-potentially hazardous baked goods sold without the benefit of inspection must have a warning sign visible to customers declaring the source

If you have any questions regarding these requirements, please contact me at 309-752-1510.

Lindsay Gorishek  
Health Inspector, City of East Moline

# Information for Typical Places for Events

## Facilities at Empire or Hereford Parks

You will be setting up in a covered park pavilion with a concrete slab floor. There are electrical outlets available, but you may need extension cords. There may be wood park bench tables for your use in this pavilion, unless they are being removed for people to sit at (check with event organizer to see if you must bring tables). If you use these tables you will need to bring a table covering to make the tables non-absorbent and easily cleanable. All cooking and serving must be done under the pavilion, unless approved before hand.

## Facility at Rock Island County Fair Grounds for Motor Sport Spectacular

You will be setting up in the paved parking lot outside the grandstand. There are electrical outlets available, but you will need extension cords. There are water hydrants, but you should plan on bringing in bottled water for use for cooking processes since this water has not been flushed or tested. I will not allow vendors to use this water for their food production or hand-washing uses.

## Facility at Rock Island County Fair Grounds for County Fair

You will be setting up in the paved parking lot outside the grandstand. There are electrical outlets available, but you will need extension cords. There are water hydrants to connect to but you will need food-grade hoses to connect to them. The hydrants have already been flushed and sampled by the City. We recommend changing filters prior to connecting and you must flush your systems prior to using this water for food production or hand washing. Water samples will be taken from your trailer the first day. If you need instructions on how to flush you system please contact me.

## Downtown Events

You will be setting up on the sidewalk, street or lot depending on the event organizers design – all will be on non-absorbent surfaces. There may be electrical outlets available, but you will need extension cords. However some downtown event do require a generator so check with the event organizer. There are also water hydrants to connect to but you will need food-grade hoses to connect to them.
